

Comeback - Week 2

1824 DISCUSSION QUESTIONS**GROUP DISCUSSION QUESTIONS**

We all love a good comeback. We love to watch a sports team comeback and win the game after being behind. We read and watch stories of people who have experienced a comeback from hard circumstances and succeeded. So why is it so hard to believe in comebacks in our own life? It's safe to say we have all experienced a setback these past few years. Setbacks turn our plans inside out and leave us unsure what comes next. But comebacks are possible!

1. Think about your favorite movie, book, or play. What were the characters setback by? What were their reasons for succeeding in a comeback?
2. In the story of Nehemiah we see opposition to the building of the wall by the enemies of the Jews. They tried to cause confusion and discouragement among the Jews, hoping to stop them from building.

What "outside" or "inside" voices have affected you in your comebacks?

3. Read [Nehemiah 4:14](#). Nehemiah continued to encourage his people in light of the opposition they were facing. In verse 14 we see him reminding them of their families and why they are doing what they are doing.

What are some times when you have quit moving forward because you didn't have a **reason**?

4. In Nehemiah's time, Jerusalem was a city meant to shine God's light to all people. They were the people chosen by God to share His love with the world, but they could not do that if they failed to comeback.

Read [Ephesians 1:4-6](#), [1 Peter 2:9](#), and [John 15:16](#). Today, you are chosen by God to shine His light to all. How we respond to the setbacks in our life will either illuminate or extinguish God's light to others.

Do you hold God near and dear enough to your heart that you will not let His name be tarnished by the actions you take? Is God's name tarnished when we don't have a comeback?

Comeback - Week 2

5. We all have reasons to comeback, and it is important to consistently ask ourselves “why?”

Why are you following Christ? Why are you not following Christ?
